

Surya Kiran Majhi

Full Stack Web Developer

PROFESSIONAL SUMMARY

Dynamic Full Stack Web Developer adept at utilizing the MERN stack, offering strong JavaScript skills and expertise in RESTful API design. Proficient in employing Generative AI for innovative solutions and quick learning of new technologies. Committed to enhancing code quality and team collaboration.

PROJECTS

1. Reliance Clone | |

React | Node.js | Express.js | MongoDB | RESTful APIs |

Responsive Web Design | CSS3 | Git

- Developed a full-stack MERN application replicating Reliance's online features, including efficient user authentication and dynamic product management.
- Implemented responsive design using Chakra UI to ensure consistent user experiences across devices.
- Utilized Redux for state management in React and designed RESTful APIs using Node.js and Express.js.
- Employed MongoDB for data storage and led testing efforts ensuring a seamless user experience.

2. Groupon Clone | |

Chakra UI | Node.js | Git | React | Express.js | RESTful APIs | MongoDB |

Responsive Web Design

- Developed a MERN application replicating Groupon's functionality, featuring user authentication and dynamic deal management.
- Implemented responsive design and used Redux for efficient state management in React.
- Collaborated on deployment, and led testing to deliver a seamless and bug-free experience.

3. Lululemon Clone | |

JavaScript | React | Redux | Git | Chakra UI | CSS3 | HTML5 |

Responsive Web Design

- Developed an e-commerce platform replicating Lululemon's functionalities using React, aligning with modern frontend standards.
- Implemented user authentication and product management systems to ensure secure and smooth user experiences.
- Created a responsive design using Chakra UI, enhancing the application's performance across multiple devices.
- Managed routing and sorting functionalities, improving site navigation and user interaction.
- Demonstrated expertise in JavaScript and React by effectively utilizing Redux for state management.
