EDUCATION

Career Accelerator Program

Prepleaf by Masai
January 2024-present

Electrical Engineering, B.Tech

Government College of Engineering
& Textile Technology, Berhampore
August 2018 - July 2022

TECHNICAL SKILLS

Python | Responsive Web Design |
CSS3 | HTML5 | MongoDB |
Express.js | Node.js | Git | Redux |
React | JavaScript

SOFT SKILLS

Attention to Detail | Adaptability |
Time Management | Teamwork |
Problem Solving |
Effective Communication

INTERESTS

- Watching anime
- Watching Cricket

CERTIFICATIONS

Zoom Marathon Challenge Season
XV
Masai School

Surya Kiran Majhi

Full Stack Web Developer

PROFESSIONAL SUMMARY

Dynamic Full Stack Web Developer skilled in the MERN stack, adept at creating efficient APIs and streamlined applications. Possesses robust problem-solving and collaboration skills. Capable of harnessing Generative AI for innovative solutions and quickly mastering new technologies to enhance project outcomes.

PROJECTS

1. Reliance Clone | |

React | Node.js | Express.js | MongoDB | RESTful APIs |
Responsive Web Design | CSS3 | Git

- Developed a full-stack MERN application replicating Reliance's platform, integrating user authentication and dynamic product management.
- Implemented responsive design with Chakra UI for consistent user experiences across devices.
- Utilized Redux for state management in React and designed efficient RESTful APIs using Node.js and Express.js.
- Used MongoDB for data storage and led testing efforts to ensure a seamless and bug-free experience.

2. Groupon Clone | |

Chakra UI | Node.js | Git | React | Express.js | RESTful APIs | MongoDB |
Responsive Web Design

- Developed a full-stack MERN application replicating Groupon's platform with user authentication and dynamic deal management.
- Implemented responsive design using Chakra UI and utilized Redux for state management in React.
- Collaborated on deployment and led testing efforts to ensure a seamless and bug-free user experience.
- Used Node.js, Express.js, and MongoDB to design RESTful APIs and manage data storage.

3. Lululemon Clone | |

JavaScript | React | Redux | Git | Chakra UI | CSS3 | HTML5 |
Responsive Web Design

- Developed a web application replicating Lululemon's platform using React, showcasing strong frontend proficiency.
- Implemented user authentication and product management systems for smooth and secure user experiences.
- Built a responsive design with Chakra UI, ensuring a consistent experience across devices.
